

Results after the MNP CRDB Request For Information (RFI) for Iraq evaluation, April 2016

- Criteria to be approved – “CRDB Suppliers shall, without limitation, (i) have at least two (2) similar MNP projects successfully implemented...”

Supplier	Origin	Approved/Rejected	Reason(s) for rejection	CRDB Supplier in	Since
Ericsson Lebanon Communications sarl	Lebanon	<u>Rejected</u>	<ul style="list-style-type: none"> • The referred solution is involved in routing of calls to ported numbers at the operator level, while the Operators are asking for a national administrative clearinghouse solution, which will not be involved during routing • The reference to UK is not valid, since UK have a decentralised administrative NP solution • The reference to Spain is not valid, since Ericsson is not the CRDB provider in Spain • The Expression Of Interest (EOI) arrived after the RFI response deadline 	Not applicable	Not applicable
VoEx International LLC	US	<u>Rejected</u>	<ul style="list-style-type: none"> • The referred solution is a network solution for routing of calls to ported numbers, while the Operators are asking for a national administrative clearinghouse solution, which will not be involved during routing • The Reference to US is only partly valid, since US has a hybrid NP solution in which the CRDB (the database) is managed by one company (not VoEx) while several large companies are managing the NP order management between the operators, and the communication towards the CRDB, based on bilateral agreements between the operators • The Reference to India is not valid, since VoEx is not the NP CRDB provider in India 	Not applicable	Not applicable

Supplier	Origin	Approved/Rejected	Reason(s) for rejection	CRDB Supplier in	Since
Zeep HK/NGN International	HongKong/ Bahrain	Rejected	<ul style="list-style-type: none"> • Zeep does not have any own CRDB installations • Zeep is referring to the company Mediafon's CRDB solutions, but no authorisation letter from Mediafon is included in the hardcopy (original) EOI • No information about Mediafon's CRDB installations is provided in the hardcopy (original) EOI (as requested in the RFI) 	Not applicable	Not applicable
